PLEASE SAVE THIS PRICE LIST FOR FUTURE USE AS IT IS VALUABLE.

We are taking this method of informing you what plants we now have for sale and what we expect to have later in the year.

We are now located on our new plant farm of 150 acres, all of which is devoted to the growing of high grade plants. It is in the heart of the plant section, which has a fine climate for producing strong hardy plants. We are in the edge of a town that has quick and direct Railroad routes to all sections of the country, and therefore can deliver you plants without delay.

We have a large list of regular customers that is increasing by double each year. Once our customer you will always be, from the fact that we furnish first class plants and give quick service at a reasonable price. Most of your orders will be filled the day received, unless you are having us book you for some future date. We assure you that our plants will arrive in first class condition or will send more that are good. You are to be satisfied or your money back.

Get your neighbors to order with you and get more plants and therefore enable you to get them at a cheaper rate.

**Wholesalers and Retailers write for Special Terms and Prices.**

**Cabbage Plants.** We now have 50 acres in cabbage that will produce 25 million strong hardy plants. We have never seen any plants that looks better. They will please you and the price is low.

**Varieties.** Early Jersey Wakefield. Charleston Wakefield, Flat Dutch and Succession.

**Bermuda Onion Plants.** We have now 2 Million White Bermuda Onion Plants that are fine. Have good roots and are ready to set any time this winter or spring. They have a mild sweet flavor and you will be pleased with them.

**Sweet Potato Plants.** We are bedding for this season 1200 bushels of Porto Rico Yams, which is the best all-round yellow potato. You can book your order now and we will begin shipping plants about the 10th of April, and will continue through the season.

**Tomato Plants.** We grow several million tomato plants each year for the northern canners and the southern trucking sections. They are grown in open field and are strong and hardy.

**Varieties Tomatoes.** Earlianna, Early Detroit, Stone, Greater Baltimore and Ponderosa. Begin shipping out about April 15th.

**Pepper plants.** We grow large quantities of hardy pepper plants of both sweet and hot varieties. Begin shipping about April 25th.
